

UC MERCED EXTENSION EDUCATION PROGRAMS

TEACHER PREPARATION PROGRAM

Intern Clinical Practice Calendar Tracker

Position	Name	Email	Phone	Site
Candidate:				
Cooperating Teacher:				
University Mentor:				
Site Administrator(s):				
District Contact:				
Credential Seeking:				

This calendar is a contract between the Teacher Candidate, the Cooperating Teacher, and the University Mentor. It will serve as a permanent record (evidence) of Clinical Practice for EDUCX 304. The Candidate, Cooperating Teacher, and the University Mentor will agree upon the scheduled days/times that the Candidate will be in the classroom and when the University Mentor will conduct the six official observations. The Candidate is expected to attend school site (e.g., Back to School Night) and district (e.g., School Board Meeting) events outside of the regular school day that the Cooperating Teacher and University Mentor agree will appropriately prepare the Candidate professionally, including events/opportunities that address the Teacher Performance Expectations (TPEs; e.g., staff meetings).

Interns: Please note that you must document 144 hours of general support from your district and 45 hours of support with second language learners over the course of the school year. This is met through professional development, individual meetings about the TPEs, any professional learning communities or PLC meetings put on by your district along with what UC Merced TPP provides.

Estimated Hours	Monday	Tuesday	Wednesday	Thursday	Friday	Actual Hours
